

## climate process and change

Sat, 08 Dec 2018 07:09:00 GMT climate process and change pdf - One source of abrupt climate change effects is a feedback process, in which a warming event causes a change which leads to further warming. This can also apply to cooling. Example of such feedback processes are: Ice-albedo feedback, where the advance or retreat of ice cover alters the 'whiteness' of the earth, and its ability to absorb the sun's energy. Fri, 07 Dec 2018 07:18:00 GMT Abrupt climate change - Wikipedia - Climate change is a change in the statistical distribution of weather patterns when that change lasts for an extended period of time (i.e., decades to millions of years). Climate change may refer to a change in average weather conditions, or in the time variation of weather within the context of longer-term average conditions, defined by the World Meteorological Organization as a 30 years or ...
